

# Manifold rail

## VABM-L1-10G-G18-20-M-GR

Part number: 573928

FESTO

### Data sheet

| Feature                          | Value                                      |
|----------------------------------|--|
| Width dimension                  | 10.5 mm                                    |
| Type code                        | VABM                                       |
| Mounting position                | Any  |
| Max. no. of valve positions      | 20   |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress              |
| Storage temperature              | -20 °C ... 60 °C                           |
| Certification                    | c CSA us (OL)<br>c UL us - Recognized (OL) |
| Product weight                   | 873 g                                      |
| Pilot air port 12/14             | M5   |
| Pilot exhaust air port 82/84     | M5   |
| Pneumatic connection 1           | G1/8                                       |
| Pneumatic connection 3           | G1/8                                       |
| Pneumatic connection 5           | G1/8                                       |
| Note on materials                | RoHS-compliant                             |
| Manifold rail material           | Wrought aluminum alloy                     |
